## Incredible Creeks Creation!

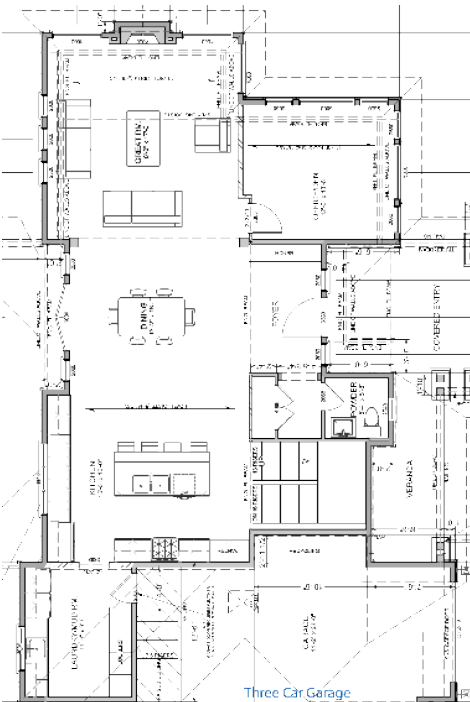

Shorestone Homes presents the ultimate family home, located on an idyllic court, in the The Creeks area of Kettle Valley which boasts many amenities, including a brand new school only a hop, skip, and a jump away. Imagine the kind of neighborhood reminiscent of times gone-by

where white picket fences are standard adornment, and neighbors sit on their front porches in the evenings and chat with dear friends while their children play care-free.

At the Creeks, we work to live, and not the other way around: homeowners take their leisure seriously. Kitchens are for creating and entertaining, not cooking. Decks are for expressing your

inner BBQ genius, not collecting dust. And yards are for holding impromptu family scrimmages (or prize-winning garden parties) not for storing make-work projects.

Welcome to 374 Farron Court - a refined family home built with comfort in mind, luxury at heart, and 'neighbor envy' as an added bonus!
